

## VACANCY

Applications are invited from anyone interested in the following position:

### **Tool Hanger, 3 Posts**

#### **Overall purpose and aims of role :**

- Set tools and ancillary equipment in line with the tool priority setting plan.
- To support setters in all tool changes, ensuring preparation of equipment, tool transporting and hanging of tools ready for the final machine set.
- Improve knowledge and skill set with a view to progress to setter level.
- Work in accordance with Company / TS 16949 requirements.

#### **Main duties and areas of responsibility :**

- Work within the setter team to ensure that tool sets are achieved in line with the plan.
- Ensure adequate housekeeping at all times.
- Undergo training on and gain knowledge of moulding and auxiliary equipment.
- To ensure that all tools are set to meet the required standards as defined in the mould tool setting sheet and the part first off inspection.
- Accurately record all tool settings on tool setting sheet/disk.
- Ensure that all 'tool work request forms' are processed correctly and ensure that the tool is labelled correctly and placed in the correct location.
- To carry out safety checks on all machines at specified intervals and that the documentation is completed.
- Ensure that all first off parts are submitted to quality for production sign off.
- To shut down machines and secure tools ready for removal from machines on completion on the shop order.
- Remove tools using the gantry crane and store in the correct location.
- Transport the next scheduled tool to the machine using the gantry crane.
- Hang the said tools in the machine to the point of clamping ready for the setters to finish the set.
- Answer machine alarm outs and ensure continued production.
- Support the material handlers as required.

#### **Preferred Skills and attributes :**

- Good organisational skills
- Target driven
- Numerate and able to communicate in writing and verbally
- Willingness to gain and develop new skills
- Punctual and reliable attendance
- Good communicator and inter-personal skills
